

PedalSnake Carton Prices and Listing Info

Since we closed our online shop, the public can now purchase PedalSnake's left-over inventory in carton quantities—at our cost! Buy a carton of the part you need, then sell off any extras and come out ahead! We hope to see loyal customers as well as newcomers listing parts for sale on eBay.

To simplify things, and to keep things consistent for your buyers, we provide all the info you need for an effective listing.

You can also find help documents at www.pedalsnake.com. We are here to advise as well. Email jody@pedalsnake.com

Purchasing and Shipping

Email jody@pedalsnake.com with what you are interested in buying, and we'll respond with an invoice and shipping cost.

Info for Listing Parts for Sale

What you see below is organized like this:

Category (each part's info is listed under its category)

Description (to be used in your sale listing description)

- | | |
|-----------------------------|---|
| • Listing title | Title for your online sale listing |
| • Cost (ea) | What you pay for per item |
| • Cost carton (qty) | What you pay for the carton (qty=items/carton) |
| • Listing price (ea) | Your suggested sell price |
| • Listing Images | Downloadable images to use in your listing (click link, right-click image → "save as") |
| • Description | To describe your item in your listing |

BaseSnakes

PedalSnake BaseSnakes are long multi-channel, configurable cables that span the distance from pedals-to-amp, forming the core of the PedalSnake cabling system.

Listing title	PedalSnake BaseSnake: 4M18, 4 channels, 18 feet
Cost (ea)	\$28
Cost carton (5)	\$140
Listing price (ea)	\$78 (suggested)
Listing Images	4-Channel BaseSnake and Pigtails
Description	PedalSnake BaseSnake, 3 3wire channels, 1 5wire channel, 18 feet. Plug in GuitarLine Pigtails to make a channel a 1/4" "guitar cord", and PowerLine Pigtails to send low-voltage power from pedal power supplies to pedals.
Listing title	PedalSnake BaseSnake: 4M24, 4 channels, 24 feet
Cost (ea)	\$33
Cost carton (5)	\$165
Listing price (ea)	\$90 (suggested)
Listing Images	4-Channel BaseSnake and Pigtails
Description	PedalSnake BaseSnake, 3 3wire channels, 1 5wire channel, 24 feet. Plug in GuitarLine Pigtails to make a channel a 1/4" "guitar cord", and PowerLine Pigtails to send low-voltage power from pedal power supplies to pedals.
Listing title	PedalSnake BaseSnake: 6M224, 6 channels, 24 feet
Cost (ea)	\$38
Cost carton (5)	\$190
Listing price (ea)	\$111 (suggested)
Listing Images	6-Channel BaseSnake and Pigtails
Description	PedalSnake BaseSnake, 4 3wire channels, 2 5wire channels, 24 feet. Plug in GuitarLine Pigtails to make a channel a 1/4" "guitar cord", and PowerLine Pigtails to send low-voltage power from pedal power supplies to pedals.
Listing title	PedalSnake BaseSnake: 7M18, 7 channels, 18 feet
Cost (ea)	\$32
Cost carton (5)	\$160
Listing price (ea)	\$96 (suggested)
Listing Images	7-Channel BaseSnake and Pigtails
Description	PedalSnake BaseSnake, 6 3wire channels, 1 5wire channel, 18 feet. Plug in GuitarLine Pigtails to make a channel a 1/4" "guitar cord", and PowerLine Pigtails to send low-voltage power from pedal power supplies to pedals.

GuitarLine Pigtail Kits (2-Packs)

Configure BaseSnake channels to make ¼” GuitarLines, replacing all your guitar cords, footswitch lines, send-return cords, etc. 2-Packs plug into both ends of a channel.

Listing title PedalSnake ¼” GuitarLine 2-Pack: RS1 Single Mono

Cost (ea) \$3.95

Cost carton (10) \$39.50

Listing price (ea) \$18.00 (suggested)

Listing Images [RS1](#)
[BaseSnake and Pigtails](#)
[3 GuitarLine Models](#)

Description Use RS1 Single GuitarLine Pigtail 2-Pack to convert a PedalSnake BaseSnake channel into a single mono ¼” “guitar cord”.

Listing title PedalSnake ¼” GuitarLine 2-Pack: RS1-TRS Single Stereo

Cost (ea) \$4.25

Cost carton (10) \$42.50

Listing price (ea) \$19.00 (suggested)

Listing Images [RS1-TRS](#)
[BaseSnake and Pigtails](#)
[3 GuitarLine Models](#)

Description Use RS1-TRS Single TRS GuitarLine Pigtail 2-Pack to convert a PedalSnake BaseSnake channel into a single ¼” stereo TRS cable.

Listing title PedalSnake ¼” GuitarLine 2-Pack: RS2 Dual (send-return on 1 BaseSnake channel)

Cost (ea) \$5.75

Cost carton (10) \$57.50

Listing price (ea) \$27.00 (suggested)

Listing Images [RS2](#)
[BaseSnake and Pigtails](#)
[3 GuitarLine Models](#)

Description Use RS2 Dual GuitarLine Pigtail 2-Pack to convert a PedalSnake BaseSnake channel into two ¼” mono “guitar cords”.

PowerLine Pigtails (2-Packs)

Configure BaseSnake channels to carry DC power (9VDC, 18VDC, etc.) from backline out to pedals. Connectors are “pedal standard” 2.1mm DC. (“M” = male, “F” = female, “-H” = hi current (on white 5wire channel), “2” = Dual, “-I” = dual isolated (on white 5wire channel). 2-Packs plug into both ends of a channel.

Listing title	PedalSnake MF1-H Single PowerLine Pigtail Kit (2-Pack)
Cost (ea)	\$3.77
Cost carton (10)	\$37.70
Listing price (ea)	\$19.00 (suggested)
Listing Images	MF1-H BaseSnake and Pigtails 7 PowerLine Models
Description	Plug PedalSnake’s MF1-H Single PowerLine Pigtail Kit into any BaseSnake channel to carry low-voltage pedal power from your amp area out to pedals. Standard 2.1mm connectors (like Boss, Dunlop, etc.) Up to 500mA on a 3wire channel, 1000mA on a white 5wire channel.
Listing Title	PedalSnake MF2 Dual PowerLine Pigtail Kit (2-pack)
Cost (ea)	\$4.13
Cost carton (10)	\$41.30
Listing price (ea)	\$24.00 (suggested)
Listing Images	MF2 BaseSnake and Pigtails 7 PowerLine Models
Description	Plug PedalSnake’s MF2 Dual PowerLine Pigtail Kit into any BaseSnake channel to carry low-voltage pedal power from 2 power supplies in your amp area out to pedals. Good when you need both 9 and 18V. Up to 250mA per side. Standard 2.1mm connectors (like Boss, etc.)
Listing Title:	PedalSnake MF2-I Dual Isolated PowerLine Pigtail Kit (2-pack)
Cost (ea)	\$4.57
Cost carton (10)	\$45.70
Listing price (ea)	\$25.00 (suggested)
Listing Images	MF2-I BaseSnake and Pigtails 7 PowerLine Models
Description	PedalSnake’s MF2-I Dual-Isolated PowerLine Pigtail Kit plugs into a white 5wire BaseSnake channel to carry low-voltage pedal power from 2 power supplies in your amp area out to pedals. Good when you need isolated power, like between 2 pedal chains. Up to 500mA per side. Standard 2.1mm connectors (like Boss, etc.)

Listing Title: PedalSnake MM1 Single PowerLine Pigtail Kit (2-pack)
Cost (ea) \$3.52
Cost carton (10) \$35.20
Listing price (ea) \$18.00 (suggested)
Listing Images [MM1](#)

[BaseSnake and Pigtails](#)
[7 PowerLine Models](#)

Description PedalSnake's MM1 Single PowerLine Pigtail Kit plugs into any BaseSnake channel to carry low-voltage pedal power from your amp area out to pedals. Carries up to 500mA. Standard 2.1mm connectors (like Boss, etc.)

Listing Title: PedalSnake MM1-24V Single 24V PowerLine Pigtail Kit (2-pack, for Strymon power supply)

Cost (ea) \$7.00
Cost carton (10) \$70.00
Listing price (ea) \$20.00 (suggested)
Listing Images [MM1-24V](#)

[BaseSnake and Pigtails](#)
[7 PowerLine Models](#)

Description Plug PedalSnake's MM1-24V Single 24V PowerLine Pigtail Kit into any BaseSnake channel to send power from a Strymon 24V power adapter in your amp area out to a Strymon Ojai (or Ojai R30) power supply on your pedalboard. Strymon 24V connectors.

Listing Title: PedalSnake MM1-H Single Hi-Current PowerLine Pigtail Kit (2-pack)

Cost (ea) \$4.50
Cost carton (10) \$45.00
Listing price (ea) \$19.00 (suggested)
Listing Images [MM1-H](#)

[BaseSnake and Pigtails](#)
[7 PowerLine Models](#)

Description Plug PedalSnake's MM1-H Single PowerLine Pigtail Kit into any BaseSnake channel to carry low-voltage pedal power from your amp area out to pedals. Standard 2.1mm connectors (like Boss, etc.) Up to 500mA on a 3wire channel, 1000mA on a white 5wire channel (just like MF1-H, but with 2 male connectors).

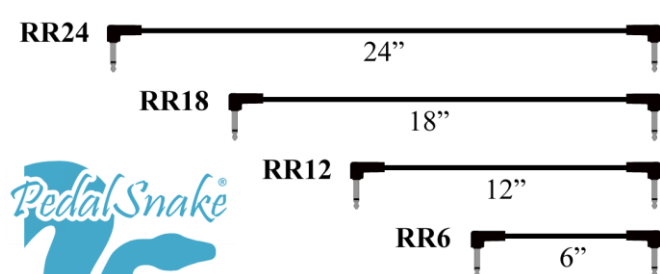

Listing Title: PedalSnake MM2-I Dual Isolated PowerLine Pigtail Kit (2-pack)

Cost (ea) \$4.57
Cost carton (10) \$45.70
Listing price (ea) \$25.00 (suggested)
Listing Images [MM2-I](#)

[BaseSnake and Pigtails](#)
[7 PowerLine Models](#)

Description Plug PedalSnake's MM2-I Dual-Isolated PowerLine Pigtail Kit into a white 5wire BaseSnake channel to carry low-voltage pedal power from 2 power supplies in your amp area out to pedals. Good when you need to isolate power, like between Amp In and FX Loop pedal chains, or between pedals going to 2 amps. Up to 500mA per side, just like MF2-I, but with 2 male standard 2.1mm connectors (like Boss, Dunlop, etc.)

Pedal-to-Pedal Cables

Pedalboard patch cables; the best in the biz. Here's the 4 most popular lengths, all with low profile right angle plugs, and nice flexible cable easily finds its way thru pedalboard cable congestion.

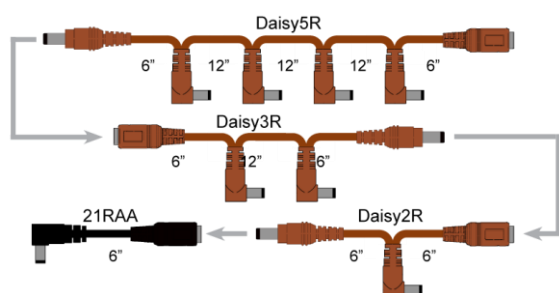

Listing Title: PedalSnake Pedal Patch Cable, RR6, 6", 2 right angles
Cost (ea) \$2.90
Cost carton (15) \$43.50
Listing price (ea) \$5.00 (suggested)
Listing Images [Pedal-to-Pedal Patch Cables](#)
Description Smart, flexible, low profile, no frills patch cable. RR6 is 6" long.

Listing Title: PedalSnake Pedal Patch Cable, RR12, 12", 2 right angles
Cost (ea) \$3.00
Cost carton (15) \$45.00
Listing price (ea) \$6.00 (suggested)
Listing Images [Pedal-to-Pedal Patch Cables](#)
Description Smart, flexible, low profile, no frills patch cable. RR12 is 12" long.

Listing Title: PedalSnake Pedal Patch Cable, RR18, 18", 2 right angles
Cost (ea) \$3.10
Cost carton (15) \$46.50
Listing price (ea) \$7.00 (suggested)
Listing Images [Pedal-to-Pedal Patch Cables](#)
Description Smart, flexible, low profile, no frills patch cable. RR18 is 18" long.

Listing Title: PedalSnake Pedal Patch Cable, RR24, 24", 2 right angles
Cost (ea) \$3.20
Cost carton (15) \$48.00
Listing price (ea) \$8.00 (suggested)
Listing Images [Pedal-to-Pedal Patch Cables](#)
Description Smart, flexible, low profile, no frills patch cable. RR24 is 24" long.

Vari-Chain Power Chain Cables

The world's first and only all-right-angle, configurable-length, power chain cable for FX pedals. With 3 model lengths, plus the 21RAA right-angle "cap", construct any length power chain—2x to 8x—with no left over plugs to short out! Each cable has 12" between right-angle plugs, 6" at each end.

Listing Title: PedalSnake Vari-Chain Cable, Daisy 2R
Cost (ea) \$2.00
Cost carton (15) \$30.00
Listing price (ea) \$8.00 (suggested)
Listing Images [PedalSnake Vari-Chain Cable System](#)
Description PedalSnake's Vari-Chain Power Chain Cable System, Daisy2R, 1 straight female, 1 right angle male, 1 straight male (for extending the chain).

Listing Title: PedalSnake Vari-Chain Cable, Daisy 3R
Cost (ea) \$3.00
Cost carton (15) \$45.00
Listing price (ea) \$10.00 (suggested)
Listing Images [PedalSnake Vari-Chain Cable System](#)
Description PedalSnake's Vari-Chain Power Chain Cable System, Daisy3R, 1 straight female, 2 right angle male, 1 straight male (for extending the chain).

Listing Title: PedalSnake Vari-Chain Cable, Daisy 5R
Cost (ea) \$4.00
Cost carton (15) \$60.00
Listing price (ea) \$12.00 (suggested)
Listing Images [PedalSnake Vari-Chain Cable System](#)
Description PedalSnake's Vari-Chain Power Chain Cable System, Daisy5R, 1 straight female, 4 right angle male, 1 straight male (for extending the chain).

Listing Title: PedalSnake Vari-Chain Cable, 21RAA
Cost (ea) \$1.50
Cost carton (15) \$30.00
Listing price (ea) \$5.00 (suggested)
Listing Images [PedalSnake Vari-Chain Cable System](#)
[21RAA](#)
Description The world's first and only straight-to-right-angle plug adapter cable for standard 2.1mm pedal power connectors. 6" long. Saves space on pedalboards; use to "cap" PedalSnake's Vari-Chain Power Chain Cables.

Tour Prep Accessories

PedalSnake's Tour Prep Accessories all you to clamp PedalSnake permanently to your pedalboard, and strap it firmly to the back of your amp, for a rugged, bulletproof rig onstage.

Listing Title: PedalSnake Amp End Straps (Tour Prep Accessory)

Cost (ea) \$5.00

Cost carton (10) \$50.00

Listing price (ea) \$10.00 (suggested)

Listing Images [AESTrap](#)
[AESTrap in action](#)

Description Firmly secure PedalSnake to the back of your amp with custom Velcro straps (2 small screws supplied). Custom-designed to strap-up in seconds. This along with the PedalSnake Clamps for the pedalboard (PSClamp04 and PSClamp05) make for a bulletproof rig on stage.

Listing Title: PedalSnake Clamps: PSClamp04 (Tour Prep Accessory)

Cost (ea) \$2.75

Cost carton (10) \$27.50

Listing price (ea) \$8.00 (suggested)

Listing Images [PSClamps Composite](#)

Description For 4-channel BaseSnakes prior to 2017 (use PSClamp05 for all 6- and 7-channel BaseSnakes, and 4-channel after 2017). Firmly secure your PedalSnake BaseSnake to your pedalboard (2 screws, non-slip nuts, and washers supplied). This along with the Amp End Straps make for a bulletproof rig on stage.

Listing Title: PedalSnake Clamps: PSClamp05 (Tour Prep Accessory)

Cost (ea) \$2.90

Cost carton (10) \$29.00

Listing price (ea) \$9.00 (suggested)

Listing Images [PSClamps Composite](#)

Description For all 6- and 7-channel BaseSnakes, and 4-channel after 2017. (For 4-channel BaseSnakes prior to 2017 use PSClamp04.) Firmly secure your PedalSnake BaseSnake to your pedalboard (2 screws, non-slip nuts, and washers supplied). This along with the Amp End Straps make for great strain relief, and a bulletproof rig on stage.

Listing Title: PedalSnake Velcro Cable Tie

Cost (ea) \$1.00

Cost carton (10) \$10.00

Listing price (ea) \$3.00 (suggested)

Listing Images [Velcro Cable Tie](#)

Description Velcro strap with one end "split", to permanently attach to any cable. 9" long, enough to wrap around a coiled PedalSnake (or most any snake coil).

2.1mm Pedal Power Cable Extensions

Can't reach a pedal with a power plug? Now you can.

Listing Title: PedalSnake 2.1mm Power Extension: 21MF36
Cost (ea) \$1.50
Cost carton (15) \$22.50
Listing price (ea) \$5.00 (suggested)
Listing Images [21MF36](#)
Description Extend any standard 2.1mm power cable, 1 male and 1 female. 36" long to span most any pedalboard.

Listing Title: PedalSnake 2.1mm Power Extension: 21MM36
Cost (ea) \$1.50
Cost carton (15) \$22.50
Listing price (ea) \$5.00 (suggested)
Listing Images [21MM36](#)
Description Extend a 2.1mm power cable. 2 male ends. 36" long to span most any pedalboard.

Power Plug Adapters

PedalSnake PowerLines use standard 2.1mm connectors (like Boss, etc.) Power Plug Adapters allow PedalSnake to be used with non-standard pedals and power supplies.

Listing Title: PedalSnake Power Plug Adapter Cable: 2125AR
Cost (ea) \$1.50
Cost carton (20) \$30.00
Listing price (ea) \$4.00 (suggested)
Listing Images [2125AR](#)
Description Convert a 2.1mm male power plug into a 2.5mm male. Good for powering large 2.5mm pedals with standard power supplies having 2.1 connectors.

Listing Title: PedalSnake Power Plug Adapter Cable: 2135AR
Cost (ea) \$1.50
Cost carton (20) \$30.00
Listing price (ea) \$4.00 (suggested)
Listing Images [2135AR](#)
Description Convert a 2.1mm male power plug to a male 3.5mm (1/8" mini-phone). Good for powering certain pedal brands that used the 1/8" connector for power input.

Listing Title:	PedalSnake Power Plug Adapter Cable: 21RAA
Cost (ea)	\$1.50
Cost carton (20)	\$30.00
Listing price (ea)	\$4.00 (suggested)
Listing Images	21RAA
Description	The world's first and only straight-to-right-angle plug adapter cable for standard 2.1mm pedal power connectors. 6" long. Use to save space on pedalboards, and to "cap" PedalSnake's <i>Vari-Chain Power Chain Cables</i> .
Listing Title:	PedalSnake Power Plug Adapter Cable: 21RP
Cost (ea)	\$1.50
Cost carton (20)	\$30.00
Listing price (ea)	\$4.00 (suggested)
Listing Images	21RP
Description	Reverse the polarity of a 2.1mm power supply cable. For powering pedals with "center positive" with a standard "center negative" power supply.
Listing Title:	PedalSnake Power Plug Adapter Cable: 2521A
Cost (ea)	\$1.50
Cost carton (20)	\$30.00
Listing price (ea)	\$4.00 (suggested)
Listing Images	2521A
Description	Convert a 2.5mm male power plug on a power supply into a 2.1mm male for use with PedalSnake PowerLines. Good to allow power supplies that come with large 2.5mm pedals to be used with PedalSnake. (Use 2125AR for the 2.5mm pedal).
Listing Title:	PedalSnake Power Plug Adapter Cable: 21PR Splice Kit
Cost (ea)	\$2.10
Cost carton (20)	\$42.00
Listing price (ea)	\$7.00 (suggested)
Listing Images	21PR
Description	For using PedalSnake with those bastard pedals and power supplies that do not use common types of connectors. Cut the cable of the non-standard power supply, then splice in these short, standard 2.1mm cables (male and female). Now the male end will plug into standard 2.1mm PedalSnake PowerLines at the Amp End, and the female at the Pedal End. You can still use the supply normally, and bypass PedalSnake, by just plugging the male and female 2.1's together.
